Residents In West End Planning Big Benefit Entertainment For Hanna.

Dr. C. C. Rosenberg, publisher of the Lannet, the Finnish paper of this city, yesterday received a communication from the relief committee of Hanna, Wyo., the scene of the great mine disaster, giving the organization of the committee and stating its object. The letter, which will appear in Dr. Rosenberg's paper, says in part:

"In order to relieve the present distress of the sufferers from the recent mine disaster at Hanna, Wyo., a permanent relief committee was organized tonight (July 4) to provide for the wants of the many widows and fatherless children."

The letter requests that all communications and remittances be sent direct to the secretary, I. Christensen, address Hanna, Wyoming.

The Finnish people of this city propose to do their share towards contributing to the alleviation of the suffering of their distressed countrymen and are already planning for means to raise money which will be sent to the front immediately. On next Saturday evening an entertainment will be given in Suomi hall for the purpose of getting a fund started. A rich musical program will be given and elaborate refreshments will be served. The committee having the matter in charge intend that those who attend will receive their money's worth besides helping along a worthy cause.

BAR DREDGE DELAYED

The transport Grant, now at Mare Island navy yard being converted into a dredge for use in deepening the channel at the mouth of the Columbia, will not be ready for service before September 15. The delay is occasioned by the non-arrival of the pumps which are to suck up the sand from the bottom of the channel. It is not probable that much benefit will be obtained in the short time left for work this season.

FUNERAL OF ODD FELLOW

A large delegation of Odd Fellows and many friends attended the funeral of the late C. W. Christensen yesterday. The first service was held from the hall of the lodge of which the deceased had for so many years been an honored member. The interment was in Ocean View cemetery on the west side. Rev. J. W. McCormac officiated and the services were conducted under the auspices of Beaver Lodge I. O. O. F.

DIRECTORS DEFER ELECTION

H. W. Scott Will Doubtless Be President of Lewis and Clark Fair.

A meeting of the directors of the Lewis and Clark fair was held in Portland yesterday afternoon which was the first session of the board since the last election by the stockholders of the corporation. The object of the meeting was to perfect organization but this failed of accomplishment, the election of president and director-general being deferred until the next meeting, which will be on the 24th of this month. Those spoken of prominently for the office of president are Messrs H. W. Scott, T. B. Wilcox, and W. Ladd. Mr. Scott, it is generally believed, will be elected to the presidency, the only opposition being from himself.

All but four of the new directors were present and formally entered upon their duties. The others were absent from the state, one of them being in Europe. Mr. Cotton, after being qualified, tendered his resignation, which was accepted. A committee of five consisting of Messrs. Scott, Mallory, Wessinger, Fenton and Almsworth, was appointed for the purpose of filling the vacancy.

Construction work on the exposition buildings will commence early next year and the prospect for a growth of interest in the fair proposal appeared bright to the directors. When the board is finally organized the appointing of important committees will be made and then rapid progress will be forthcoming.

SITE FOR DRILLS CHOSEN.

It has been arranged for the fancy military drills, which will be given by the crack Portland companies of the uniform rank, Woodmen of the World, during regatta week, to take place on the Van Dusen grounds. These are now being prepared for the event. Several thousand people can view the beautiful sight and these drills are bound to prove among the best drawing cards of the season. Mr. Rogers, the state organizer of the Woodmen of the World, is doing all in his power to interest the 16,000 members of Oregon in these exercises and has sent a bulletin to every camp in the state reciting the fact that the First regiment of the uniform rank and a half dozen W. O. W. carnival queens from as many different cities, would be here, and inviting them to make Astoria, at that time, one of the objective points of their summer's visit.

BOARD ELECTS TEACHERS.

School Houses Will Be Repaired and Painted this Summer.

The school board has accepted the resignation of A. A. Cleveland, Miss Amy Grace Powell, Miss Harriet Alexander and Miss Amy Holmes, and elected W. M. Round, G. W. Eyre, Miss Kathryn Shively, Miss Ida Gustafson and Miss Hudson. With the exception of Mr. Eyre the newly elected teachers have not been assigned. Mr. Eyre will be the Latin instructor in the high school, the position formerly held by Miss Amy Powell. He is a resident of Dayton, Wash., and is a graduate of Eugene university. He comes highly recommended and is known to be a capable instructor. Prof. Round taught last year in Warrenton, where he held the position of principal. His home is in Portland and he is a native of North Carolina. Mr. Round may be placed either in the Alderbrook or Olney school. There will be some other changes before he is finally assigned. Prof. McCormac will take the Shively school, recently presided over by A. A. Cleveland, who has resigned for the purpose of obtaining a higher education in the east. Last year Mr. McCormac taught the Olney school.

There is talk of transferring Prof. Stupp from the Alderbrook to the Olney. The Board assigned Miss May Utzinger to teach the Eighth grade of the McClure school.

Before the fall term begins the Shively school building will be thoroughly renovated, it being the intention to place a new roof and raise the rear of the structure, which is sagging. The Adair and Alderbrook will be painted and the former will have some work done to its foundation. Basil & Rohr will inspect the building and will report as to the extent of the repairs necessary. The clerk of the school board will advertise for bids to do the painting.

Children's matinee at the Unique theater today. Admission will be 5c. Come and find out "Why is a crow?"

A little life may be sacrificed to an hour's delay. Cholera infantum, dysentery, diarrhoea come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry, always on hand.

For plumbing that will be satisfactory and safe give your orders to John A. Montgomery, 425 Bond street.

County Will Be Benefitted

"Exposition" Devoted To The Interests Of This Section Is Now On Hand.

The June number of the "Exposition" is out and it certainly is a hummer. Eleven pages of the magazine are devoted entirely to the interests of this county, and the reading matter and cuts are all first class. There have been 7500 copies run off the press and these will be distributed all over the United States. Already they have started on their tour of advertising this section. The Harriman system will receive 6000, and 1900 have been sent to the Press club convention at Atlantic City, where are congregated newspaper men from all over the country. Mrs. Weathered who is one of the delegates at the convention, will personally superintend the distribution.

The publishers took in every industry and every part of the county. Seaside, Warrenton, and all west side points are written up at length, the write-ups being supplemented by cuts, the best that could be obtained. Astoria comes in for a strong article, an exhaustive account of her resources being given.

The Chamber of Commerce deserves great credit for backing up the idea and seeing it through. The expense has been light and the results are expected to be of rare benefit.

The Unique theater has arranged for a fine show this afternoon when there will be a children's matinee. Tickets can now be had by applying at the box office, which will admit the little ones for five cents. The feature of the show this week is Walters and Hagan, the black-face song and dance team, who always win continuous applause, so don't fail to see these artists and find out "Why is a crow?"

The Swarz children have on a new sketch since Wednesday, at the Unique theater, which is as good, if not better, than they had on the first of the week. The illustrated song entitled "Stay in Your Own Back Yard" is the most pathetic ballad ever sung. The pictures are great. The moving pictures of Mt. Blanc is a fine piece of work in photographic art.

NEW BRIDGE TENDER.

The county has appointed A. McClean bridge tender on the Walruski, to fill the position recently made vacant through the death of Ira B. Dawson. The appointee has been a resident of Warrenton for the past few years and has been previously employed by the county in a position similar to the one he is now scheduled to fill.

The ladies of the W. C. T. U. will give a picnic to Smiths point next Thursday. All those interested in the union and who want to enjoy themselves are invited to join in the outing. No expense attached to the occasion, except streetcar fare.
